TOPIC	DISCUSSION	ACTION
Roundtable and conference call member introductions (0800-0805)		Meeting Dates set: April 13 th , May 4 th , July 6 th , Sept. 7 th , Nov. 2nd
Review Jan 2011 meeting minutes (0805-0810)	Edits?	Parking Lot items – time slots added to protocols sheets will be discussed at May protocols subgroup mtg; STEMI notification phone numbers to be shared by ATCEMS. Marco will get date for us to bring to group. Surgical backup plan for S&W is case by case; if hemodynamically stable and SWHP, go to Temple. If not or if pt preference to stay in Austin area, go to Seton Williamson or hospital of choice per agreement in place. Plan to have surgery in place in 18 mos or so.
<i>Discuss purpose, use and content for CATRAC Regional field guide</i>	QI subgroup would like to include: -Best Practices for conducting multidisciplinary STEMI QI Meetings (PCI and Non-PCI) -Best Practices for providing Patient Outcome Feedback (to Non-PCI hospitals and EMS Systems)	Field Guide Proposal: No one is doing in state yet. Uses would include making available as resource document for other STEMI systems being established, documenting resources for

TOPIC	DISCUSSION	ACTION
